

QUESTIONS AND ANSWERS

How do I contact CanCare?

Call us at 888.461.0028 or 713.461.0028.

What happens when I call?

We will ask you to tell us about your cancer and any concerns you have. This will help us match you with one of our volunteers.

What happens next?

A CanCare volunteer will call you within 48 hours. At the end of your conversation you will exchange contact information and decide when you would like to talk to your volunteer again.

Are we supposed to meet in person?

If you and your volunteer want to meet, we encourage you to do so, but it is not required.

What's the catch?

There is no catch. This is a free and confidential service offered by others who want to help because they know what it feels like to have cancer and what a difference CanCare can make.

TOGETHER, WE ARE FIGHTING
CANCER WITH HOPE.

ABOUT CANCARE

CanCare provides one-on-one emotional support to cancer patients and their families from a trained volunteer who has survived a similar type of cancer.

Our volunteers help patients cope with a cancer diagnosis, give support during treatment and enable patients and family members to move forward with Hope.

Founded in 1990, CanCare now partners with more than 100 corporations, hospitals and congregations of varied faiths. All of our services are confidential and provided without charge.

CanCare does not provide medical advice or take the place of support you receive from healthcare professionals.
